Independent Auditor's Report on Financial Statements

City Council City of Aransas Pass, Texas P.O. Box 2000 Aransas Pass, Texas 78335

Members of the City Council:

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of City of Aransas Pass, Texas as of and for the year ended September 30, 2010, which collectively comprise the City's basic financial statements as listed in the table of contents. These financial statements are the responsibility of City of Aransas Pass, Texas's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of City of Aransas Pass, Texas as of September 30, 2010, and the respective changes in financial position, and cash flows, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated March 30, 2011, on our consideration of City of Aransas Pass, Texas's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information identified as Required Supplementary Information in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Aransas Pass, Texas's financial statements as a whole. The introductory section, combining and individual nonmajor fund financial statements, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements. The combining and individual nonmajor fund financial statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole. The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

Respectfully submitted,

Michael A. Arnold, PLLC

MIGAU. PLLC

March 30, 2011

MANAGEMENT'S DISCUSSION AND ANALYSIS

Our discussion and analysis of the City of Aransas Pass's financial performance provides an overview of the City's financial activities for the fiscal year ended September 30, 2010. Please read it in conjunction with the City's financial statements, which begin on page 15.

FINANCIAL HIGHLIGHTS

City's Change in Net Assets – Governmental and Business-Type Activities

Total government-wide net assets increased \$301,410 as a result of this year's operations. Governmental activities increased \$465,554 with the balance of (\$164,144) resulting from business-type activities.

General Fund Performance

As a result of this year's operations, the General fund reported a \$81,739 increase to fund balance.

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements. The Statement of Net Assets and the Statement of Activities (on pages 15 and 16) provide information about the activities of the City as a whole and present a longer-term view of the City's finances. Fund finance statements start on page 42. For governmental activities, these statements tell how these services were financed in the short term as well as what remains for future spending. Fund financial statements also report the City's operations in more detail than the government-wide statements by providing information about the City's most significant funds. The remaining statements provide financial information about activities for which the City acts solely as a trustee or agent for the benefit of those outside of the government.

Reporting the City as a Whole

The Statement of Net Assets and the Statement of Activities

One of the central concerns in assessing any City's finances is summarized in the question, "Is the City as a whole better off or worse off as a result of the year's activities?" Our analysis addressing this question begins on page 6. The analysis includes a condensed summary of the government-wide financial statements — The Statement of Net Assets and the Statement of Activities, which present information about the City in a way that facilitates answering this question. These statements are presented much like the private-sector companies — including all assets and liabilities using the

accrual basis of accounting. All revenues and expenses for the current year are reported without regard to when cash is received or paid.

These government-wide financial statements report both net assets and changes thereto. Net assets are reported in the Statement of Net Assets. The City's net assets, which is the difference between assets and liabilities, is one indicator of the City's financial well-being or financial position at one point in time. Increases or decreases to net assets over a period of time is an indication of whether its financial well-being is improving or deteriorating. Of course, other non-financial considerations enter into the determination of the City's overall health, which would include such things as changes in the City's property tax base and the condition of its streets.

Changes to net assets are reported in the Statement of Activities, which divides all City functions into two categories:

Governmental activities – Most of the City's basic services are reported in this category, which includes public safety (including police and fire), highways and streets, health and welfare, culture and recreation and general administration. These activities are primarily supported by sales and property taxes and franchise fees.

Business-type activities – Certain services that the City provides are paid for from fees that are charged to customers. Water, wastewater, harbor rentals and the Aquatic Center, are activities that are reported in this category.

Reporting the City's Most Significant Funds

Fund Financial Statements

Our analysis of the City's major funds commences on page 16. The fund financial statements are presented on pages 42 through 58. These statements present detailed information about the City's more significant funds as opposed to the City as a whole. Funds are established for various reasons – some are required by state law; others, by bond covenants. Some funds are established by the City Council to assist in managing money that is to be spent for particular purposes. For example, the Aquatic Center Fund was established to demonstrate that money received for the operation of the Pool were used for that purpose. The city has two categories of funds, which can be used for public purpose – governmental and proprietary. Each category uses a different accounting approach.

Governmental funds — Most of the City's basic services are reported in governmental funds. These funds focus on the flow of money into and out of the funds and the balance left over at the end of the year that is available for future spending. Governmental funds use a method of accounting called modified accrual. The purpose of this method is to measure cash and other financial assets that can readily be converted to cash. This approach provides a detailed short-term perspective of the City's general government operations and the basic services it provides. This view of the City's operations provides

information that helps to determine the extent to which financial resources are available to spend in the near future to finance City programs. The relationship between these governmental fund financial statements and the governmental activities column shown in the government-wide financial statements is shown in the form of a reconciliation presented on the page following each governmental fund financial statement.

Proprietary funds- Services provided to either outside customers or to another unit of the City, where a fee is charged, are generally reported in proprietary funds. Proprietary funds are reported the same way that is used in the government-wide financial statements. Matter of fact, the City's enterprise funds (a component of proprietary funds) are substantially the same as the business-type activities column of the government-wide financial statements but provides more detail including cash flows. The other component of proprietary funds is internal service funds.

THE CITY AS A WHOLE

The City's Condensed Statement of Net Assets is presented in Table 1.

Table 1 Net Assets (in Millions)

Increase (decrease)						
In net assets	0.5	(0.1)	(0.2)	(.1)	0.3	(0.2)

Total revenues generated from both governmental and business-type activities this year amounted to \$12.9 million.

Governmental Activities

Total revenues generated from governmental activities this year amounted to \$9.0 million. Expenses came in at \$8.9 million.

The cost of all governmental activities this year was \$8.9 million. However, as shown on the Statement of Activities on pages 14 and 15, the amount that our taxpayers ultimately financed for these activities through taxes and other general revenues was \$6.4 million. \$2.6 million to finance these programs was paid by those who directly benefited from them, bond funds, construction funds and by other governments that subsidized certain programs with grants.

Table 3 presents the cost of each of the City's six largest programs as well as each program's net cost (total cost less revenues generated by the activities). The net cost shows the financial burden that was placed on the City's taxpayers by each of these functions.

Table 3
Governmental Activities
(in Millions)

	Total Cost of	f Services	Net Cost of Services		
	2010	2009	2010	2009	
Public Safety	2.9	2.8	2.1	2.2	
General Government	1.0	1.2	0.9	1.0	
Public Works	1.0	1.0	1.0	0.9

Health and Welfare	0.2	0.4	0.2	.2	
Culture and Recreation	1.5	1.2	1.2	1.0	
Total	7.8	7.7	5.3	5.1	

Business-type Activities

Total revenues generated from business-type activities this year amounted to \$3.9 million. Expenses came in at \$3.7 million, leaving \$0.2 million as an increase to net assets before transfers. An additional net \$0.4 million in transfers from business-type activities was made, resulting in an all-inclusive decrease to net assets amounting to \$0.2 million.

More details will be provided about governmental and business-type activities' operations later in this discussion and analysis.

THE CITY'S FUNDS

As a result of this year's operation, governmental funds (as reflected in the balance sheet on page 16) produced a combined fund balance of \$4.9 million, an increase of \$0.7 million from last year.

Governmental Funds - A Detailed Discussion

Revenues and Transfers-In

The following table presents a summary of total governmental funds' revenues for the years ended September 30, 2010 and 2009.

Table 4
Revenues and Transfers-In

Revenues and Transfers- In	2010 Amount	% of Total	2009 Amount	Amount of Increase (Decrease)	% Increase (Decrease)
Taxes	6,161,864	69	5,773,894	387,970	6.7
Licenses & Permits	57,185	0.7	63,368	(6,183)	(9.8)
Intergovernmental	286,783	3.2	290,681	(3,898)	(1.3)

Total	8,930,852		8,472,895	457,957	5.4

Taxes

Property Taxes

Property taxes increased \$15,387 over last year.

Other Taxes

This year's reported franchise taxes as a whole increased \$106 from the prior year.

Miscellaneous

Miscellaneous revenues totaling \$387,197 largely consists of special assessments, rents and royalties, interest and PILOT – Industrial Development District.

Table 5
Expenditures and Transfers-Out

Expenditures and	2010	Percent	2009	Percent
Transfers- Out	Amount	of	Amount	Change
		Total

Interest and Fiscal				
Charges	907,584	9.0	890,164	2.0
Total	10,034,157		12,515,527	

Fund Balance

Combined fund balance for all of the governmental fund types increased \$720,513, from a balance of \$4,170,059 in the prior year to \$4,890,572 as of the current fiscal year end.

General Fund

Revenues and transfers-in generated \$5,582,419 and 634,096, respectively, aggregating \$6,216,515. Expenditures and transfers-out amounted to \$5,996,591 and \$138,185, respectively, aggregating \$6,134,776. The resulting effect on fund balance represented an increase of \$81,739. The transfers out were primarily to the Aquatic Center Fund to cover operating costs.

AP Municipal Development District Fund

The fund balance of the AP Municipal Development District Fund decreased from \$1,408,834 in the prior year to \$916,819, a decrease of \$492,015. The District is a

separate legal entity, but has been reported as a blended component unit in the financial statements. The District provides financing services to the City.

Debt Service Fund

The fund balance of the debt service fund decreased from \$486,247 in the prior year to \$277,771, a decrease of \$208,476.

PROPRIETARY FUNDS

Enterprise Funds

The City's enterprise operations consist of the Water and Sewer Fund, Harbor Fund, and the Aquatic Center.

Consumption

Historical consumption and its percentage increase (decrease) from the previous year, over the last three years, are presented in the following table:

Table 6
Consumption

Fiscal Year	09-10	08-09	% Increase/ Decrease	07-08	% Increase/ Decrease
Total Consumption	408,163,400	438,633,900	(7)%	439,000,800	(.8%)

Growth in Customer Base

The City of Aransas Pass has seen a growth in the customer base on the average of 1% annually since 2005. Meter connections decreased slightly in 2010 due to the decrease at the Navy Housing. This is illustrated in the table below:

Table 7
Growth in Customer Base

Fiscal Year	09-10	08-09	% Increase/ Decrease	07-08	% Increase/ Decrease
Total Meter Connections	3,765	3,804	(1%)	3,874	(.1%)

Utility System Fund

Operating revenues for the Water and Sewer Fund were \$3,413,008, which is \$219,802 less than 2009. Expenses were \$2,909,714, which is \$142,597 less than 2009.

Harbor Fund

The Harbor Fund is funded with rental revenue. Revenues for the Harbor totaled \$156,838, which is \$3,399 less than revenues for 2009. Expenses for the same period were \$259,459, a total of \$130,207 less than 2009. The Harbor is undergoing various clean up projects.

Aquatic Center

The Aquatic Center is funded with revenue from admissions, passes, rentals, instructional classes and concessions. Revenues for the Aquatic Center totaled \$320,099, which is \$3,274 less than revenues for 2009. Expenses for the same period were \$460,462, a total of \$16,262 less than 2009.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

At the end of the fiscal year, the City had \$28,815,927 in capital assets.

Table 8

Capital Assets at Year-end (Net of Depreciation,)

	Governmental Activities		Busine: Activ	* ~ 1	Total Primary Government	
	2010 2009		2010	2010	2010	2009
Land	7.5	7.5	.3	.3	7.8	7.8
Const in Prog.						
Buildings and improvements	9.7	10.0	.4	.5	10.1	10.5

Infrastructure	2.7	2.7	6.0	5.7	8.7	8.4
Totals	21.8	22.0	7.0	6.8	28.8	28.8

The City began accounting for infrastructure for Governmental Activities in 2006 as required by GASB 34. Prior to 2006, infrastructure for Governmental Activities was expensed in accordance with the accounting rules in effect at that time.

Debt Administration

The City of Aransas Pass is authorized to issue bonds, for any purpose for which a city may issue bonds under the constitution and laws of the State of Texas.

Type of Debt Issued

The types of debt the City has issued are revenue bonds, general obligation refunding bonds, and combination tax and revenue certificates of obligation. At September 30, 2010, the City had no bonds of any type approved that had not been issued.

Bond Ratings

The City's bond rating as of last issue from Standard and Poor's was upgraded to A+.

Bonds Outstanding

At the end of the fiscal year, the City had \$20.4 million in bonds outstanding – as shown in Table 9.

Table 9
Outstanding Debt at Year-end
(in Millions)

	Governmental		Busines	• •	Total Primary		
	Acti	vities	Activi	ties	Government		
	2010	2009	2010	2009	2010	2009

-	0.0	0.0	0.0	0.0	0.0	0.0	
Totals	18.5	18.4	1.9	1.9	20.4	20.3	

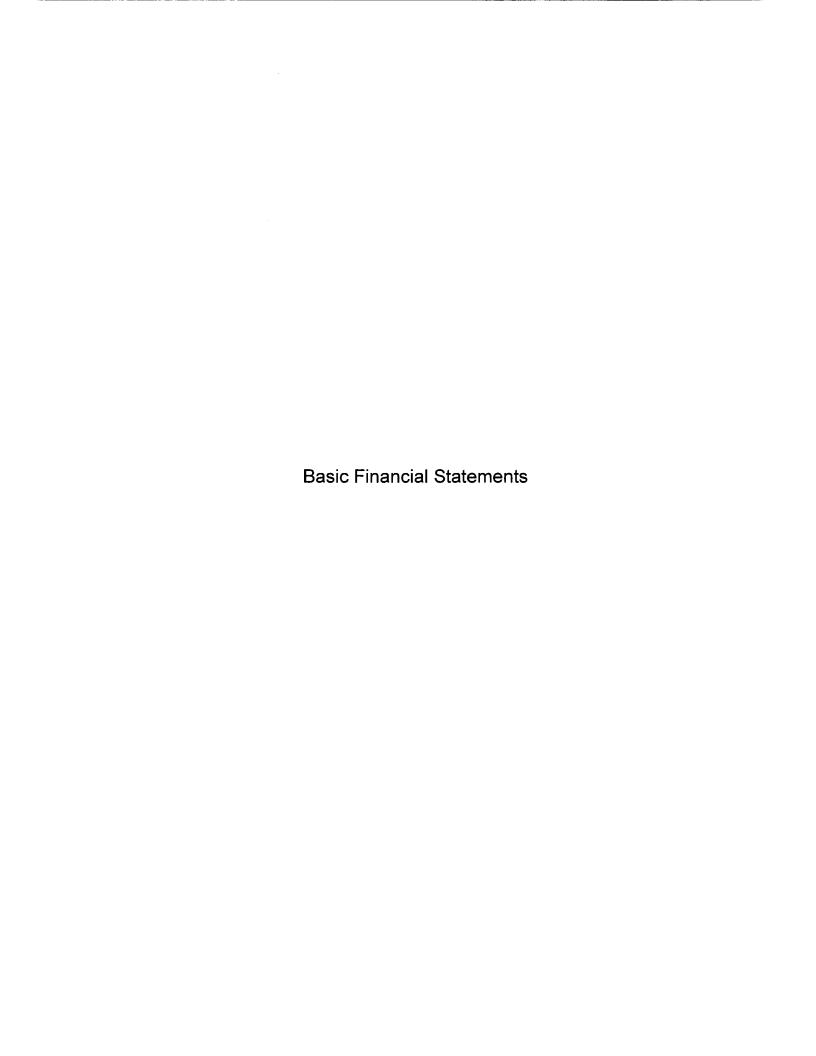

During the year, the City issued \$1,465,000 of Tax Anticipation Notes.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

During the budget process for fiscal year 2010-11 the elected and appointed officials considered many factors including the forces driving the economy in their budget decisions, including the increased housing starts, increased development, and raw land being turned into retail and housing.

CONTACTING THE CITY'S FINANCIAL MANAGEMENT

This financial report is designed to inform the citizens, taxpayers and customers of the City of Aransas Pass as well as its investors and creditors about the City's finances and to provide accountability for the public support that it receives. If you have any questions about the report or need additional financial information, contact the Finance Director's Office at the City of Aransas Pass, 600 E. Cleveland, Aransas Pass, Texas 78336.

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES FOR THE YEAR ENDED SEPTEMBER 30, 2010

Net change in fund balances - total governmental funds	\$	720,513
Amounts reported for governmental activities in the Statement of Activities ("SOA") are different because:		
Capital outlays are not reported as expenses in the SOA. The depreciation of capital assets used in governmental activities is not reported in the funds. Certain property tax revenues are deferred in the funds. This is the change in these amounts this year. Repayment of bond principal is an expenditure in the funds but is not an expense in the SOA. Repayment of loan principal is an expenditure in the funds but is not an expense in the SOA. Bond issuance costs and similar items are amortized in the SOA but not in the funds. Compensated absences are reported as the amount earned in the SOA but as the amount paid in the funds. Certain assessment revenues are deferred in the funds. This is the change in these amounts this year. Revenues in the SOA for court fines not providing current financial resources are not reported in the funds. Proceeds of notes do not provide revenue in the SOA, but are reported as current resources in the funds. Amortization of deferred loss on defeasance are reported in the SOA but not in the funds. Bond issue costs are reported in the funds but not in the SOA. Change in OPEB obligation reported in SOA, but not in Funds. NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED SEPTEMBER 30, 2010

A. Summary of Significant Accounting Policies

The combined financial statements of City of Aransas Pass, Texas (the "City") have been prepared in conformity with accounting principles applicable to governmental units which are generally accepted in the United States of America. The Governmental Accounting Standards Board ("GASB") is the accepted standard setting body for establishing governmental accounting and financial reporting principles.

The City of Aransas Pass, Texas was incorporated under the General Laws of the State of Texas on April 5, 1910, with said Charter having been amended (Home Rule City Act) on November 27, 1951. The City operates under a home rule charter with a Council-Manager form of government and provides the following services as authorized by its charter: public safety (police and fire), streets, sanitation, health and parks and recreation, planning and social services, cultural-recreation, public improvements, planning and zoning, and general administrative services.

Reporting Entity

The City's basic financial statements include the accounts of all its operations. The City evaluated whether any other entity should be included in these financial statements. The criteria for including organizations as component units within the City's reporting entity, as set forth in GASB Statement No. 14, "The Financial Reporting Entity," include whether:

- the organization is legally separate (can sue and be sued in its name)
- the City holds the corporate powers of the organization
- the City appoints a voting majority of the organization's board
- the City is able to impose its will on the organization
- the organization has the potential to impose a financial benefit/burden on the City
- there is fiscal dependency by the organization on the City
- the exclusion of the organization would result in misleading or incomplete financial statements

The City also evaluated each legally separate, tax-exempt organization whose resources are used principally to provide support to the City to determine if its omission from the reporting entity would result in financial statements which are misleading or incomplete. GASB Statement No. 14 requires inclusion of such an organization as a component unit when: 1) The economic resources received or held by the organization are entirely or almost entirely for the direct benefit of the City, its component units or its constituents; and 2) The City or its component units is entitled to, or has the ability to otherwise access, a majority of the economic resources received or held by the organization; and 3) Such economic resources are significant to the City.

Blended Component Units

Blended component units provide services exclusively or almost exclusively for the City, and/or their Board of Directors are substantially the same as the City Council. The following blended component units are reported:

Aransas Pass Municipal Development District

The Aransas Pass Municipal Development District (the District) was created pursuant to the provisions of Chapter 377 of the Texas Local Government Code by a general election on May 2, 1998. A 1/2 cent sales tax was approved by the voters to fund the District's development projects. The City Council appoints all of the District's board members and can remove them at will. Since the City appoints the board of directors, the District provides services to the exclusive benenfit of the City, and makes debt service payments for the City, it has been reported as a blended component unit in a special revenue fund. The District issues separate financial statements which are available upon request.

Aransas Pass Civic Center

The Aransas Pass Civic Center was constructed from certificates of obligation issued in 2007 and from funds of the Aransas Pass Municipal Development District. The City contracted with Venu Works of Aransas Pass, LLC to manage the Civic Center. Venu Works handles all operations of the Civic Center independent of the

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED SEPTEMBER 30, 2010

City. Civic Center operations are subsidized by the Aransas Pass Municipal Development District. Due to the financial interdependency of the Aransas Pass Civic Center, it is a blended component unit reported as a special revenue fund. The Civic Center does not issue separate financial statements.

Aransas Pass Crime Control and Prevention District

In May 2009, the voters approved the creation of the Aransas Pass Crime Control and Prevention District which will be funded by a 1/2 cent sales tax. Board Members are appointed by the City Council. Although the District is legally separate from the City, the District will be reported as if it were part of the primary government because it is a financing mechanism for the City to provide public safety to the citizens of the City. The District issues separate financial statements which are available upon request. The District's fiscal year ends in July, and accordingly, the financial statements as of, and for the year ended July 31, 2010 are included in these financial statements.

Discretely Presented Component Units

There are no component units which require discrete presentation.

2. Basis of Presentation, Basis of Accounting

a. Basis of Presentation

Government-wide Statements: The statement of net assets and the statement of activities include the financial activities of the overall government. Eliminations have been made to minimize the double-counting of internal activities. These statements distinguish between the governmental and business-type activities of the City. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

The statement of activities presents a comparison between direct expenses and program revenues for the different business-type activities of the City and for each function of the City's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. The City does not allocate indirect expenses in the statement of activities. Program revenues include (a) fees, fines, and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

Fund Financial Statements: The fund financial statements provide information about the City's funds, with separate statements presented for each fund category. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as nonmajor funds.

Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Nonoperating revenues, such as subsidies and investment earnings, result from nonexchange transactions or ancillary activities.

The City reports the following major governmental funds:

General Fund. This is the City's primary operating fund. It accounts for all financial resources of the City except those required to be accounted for in another fund.

Aransas Pass Municipal Development Fund. This fund accounts for revenues and expenditures of the Aransas Pass Municipal Development District which is described above.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED SEPTEMBER 30, 2010

Debt Service Fund. This fund accounts for the resources accumulated and payments made for the principal and interest on long-term general obligation debt of the City.

Capital Improvements Fund. This fund is used to account for the acquisition and construction of major capital facilities other than those financed by proprietary funds.

2010 Tax Anticipation Notes. This fund is used to account for the proceeds and expenditures of the City's 2010 Tax Anticipation Notes.

The City reports the following major enterprise funds:

Water and Sewer Fund. This fund accounts for the operations of the City's water and sewer system.

b. Measurement Focus, Basis of Accounting

Government-wide and Proprietary Fund Financial Statements: These financial statements are reported using the economic resources measurement focus. The government-wide and proprietary fund financial statements are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Nonexchange transactions, in which the City gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, grants, entitlements, and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Governmental Fund Financial Statements: Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The City considers all revenues reported in the governmental funds to be available if the revenues are collected within sixty days after year-end. Revenues from local sources consist primarily of property taxes. Property tax revenues and revenues received from the State are recognized under the susceptible-to-accrual concept. Miscellaneous revenues are recorded as revenue when received in cash because they are generally not measurable until actually received. Investment earnings are recorded as earned, since they are both measurable and available. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

When the City incurs an expenditure or expense for which both restricted and unrestricted resources may be used, it is the City's policy to use restricted resources first, then unrestricted resources.

Under GASB Statement No. 20, "Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities That Use Proprietary Fund Accounting," all proprietary funds will continue to follow Financial Accounting Standards Board ("FASB") standards issued on or before November 30, 1989. However, from that date forward, proprietary funds will have the option of either 1) choosing not to apply future FASB standards (including amendments of earlier pronouncements), or 2) continuing to follow new FASB pronouncements unless they conflict with GASB guidance. The City has chosen not to apply future FASB standards.

3. Financial Statement Amounts

a. Cash and Cash Equivalents

For purposes of the statement of cash flows, highly liquid investments are considered to be cash equivalents if they have a maturity of three months or less when purchased.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED SEPTEMBER 30, 2010

b. Property Taxes

Property taxes are levied by October 1 on the assessed value listed as of the prior January 1 for all real and business personal property in conformity with Subtitle E, Texas Property Tax Code. Taxes are due on receipt of the tax bill and are delinquent if not paid before February 1 of the year following the year in which imposed. On January 1 of each year, a tax lien attaches to property to secure the payment of all taxes, penalties, and interest ultimately imposed. Property tax revenues are considered available (1) when they become due or past due and receivable within the current period and (2) when they are expected to be collected during a 60-day period after the close of the fiscal year.

Allowances for uncollectible tax receivables within the General and Debt Service Funds are based upon historical experience in collecting property taxes. Uncollectible personal property taxes are periodically reviewed and written off, but the City is prohibited from writing off real property taxes without specific statutory authority from the Texas Legislature.

c. Inventories and Prepaid Items

The City records purchases of supplies as expenditures, utilizing the purchase method of accounting for inventory.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items.

d. Capital Assets

Purchased or constructed capital assets are reported at cost or estimated historical cost. Donated fixed assets are recorded at their estimated fair value at the date of the donation. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized. A capitalization threshold of \$3,000 is used.

Capital assets are being depreciated using the straight-line method over the following estimated useful lives:

Asset Class	Estimated Useful Lives
Infrastructure	30
Buildings	30-40
Other Improvements	20-25
Machinery and Equipment	5-10
Water and Sewer System	30-50

e. Receivable and Payable Balances

The City believes that sufficient detail of receivable and payable balances is provided in the financial statements to avoid the obscuring of significant components by aggregation. Therefore, no disclosure is provided which disaggregates those balances.

There are no significant receivables which are not scheduled for collection within one year of year end.

f. Compensated Absences

The City allows employees to accumulate earned, but unused vacation which will be paid to employees upon separation from the City's service. This liability is accrued when incurred in the government-wide and proprietary fund financial statements.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED SEPTEMBER 30, 2010

g. Interfund Activity

Interfund activity results from loans, services provided, reimbursements or transfers between funds. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures or expenses. Reimbursements occur when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers. Transfers In and Transfers Out are netted and presented as a single "Transfers" line on the government-wide statement of activities. Similarly, interfund receivables and payables are netted and presented as a single "Internal Balances" line of the government-wide statement of net assets.

h. Use of Estimates

The preparation of financial statements in conformity with GAAP requires the use of management's estimates.

i. New Pronouncements

Three statements for the Governmental Accounting Standards Board (GASB) were effective for the City in the fiscal year ending September 30, 2010.

GASB Statement 51 "Accounting and Financial Reporting for Intangible Assets." The statement establishes accounting and financial reporting requirements for intangible assets including easements, water rights, timber rights, patents, trademarks, and computer software. The requirements of this Statement are effective for financial statements for periods beginning after June 15, 2009. There was no current effect on the financial statements as a result of implementing this Statement.

GASB Statement No. 53, "Accounting and Financial Reporting for Derivative Instruments." This Statement establishes accounting and financial reporting requirements for derivative instruments entered into by state and local governments. The requirements of this new Statement are effective for periods beginng after June 15, 2009. There was no current effect on the financial statements as a result of implementing this Statement.

GASB Statement No. 58, "Accounting and Financial Reporting for Chapter 9 Bankruptcies." This Statement establishes accounting and financial guidance for governments that have petitioned for protection from creditors by filing for bankruptcy under Chapter 9 of the United States Bankruptcy Code. The requirements of this Statement are effective for financial statements for periods beginning after June 15, 2009. There was no current effect on the financial statements as a result of implementing this Statement.

4. Budgetary Data

The following procedures are followed in establishing the budgetary data reflected in the basic financial statements:

- a. Prior to the beginning of the fiscal year, the City prepares a budget for the next succeeding fiscal year. The operating budget includes proposed expenditures and the means of financing them.
- b. A meeting of the City Council is then called for the purpose of adopting the proposed budget. At least ten days' public notice of the meeting must have been given.
- c. Prior to the start of the fiscal year, the budget is legally enacted through passage of a resolution by the City Council.

Once a budget is approved, it can be amended only by approval of a majority of the members of the City Council. As required by law, such amendments are made before the fact, are reflected in the official minutes of the City Council and are not made after fiscal year end. During the year, the budget was amended as needed.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED SEPTEMBER 30, 2010

All budget appropriations lapse at year end.

The City Manager is authorized to transfer budget amounts between departments within any fund; however, any revisions that alter total appropriations must be approved by the City Council. Therefore, the level of budgetary responsibility is by total appropriations. For report purposes, this level has been extended to a functional basis (i.e. General Government, Public Safety, etc.).

The following funds have legally adopted budgets: General Fund, Crime Control, Hotel/Motel Occupancy Tax Fund, Debt Service Fund and Enhanced 911 Fund.

Unused appropriations for all of the above annually budgeted funds lapse at the end of the year.

Formal budgets are not adopted in the Capital Projects Funds. Effective budgetary control in these funds is achieved through individual project budgeting in conformance with the provisions of bond orders, grant awards and other sources.

5. Encumbrance Accounting

Encumbrance accounting, under which purchase orders, contracts and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is not employed by the City.

B. Compliance and Accountability

Finance-Related Legal and Contractual Provisions

In accordance with GASB Statement No. 38, "Certain Financial Statement Note Disclosures," violations of finance-related legal and contractual provisions, if any, are reported below, along with actions taken to address such violations:

Violation None reported

Action Taken
Not applicable

2. Deficit Fund Balance or Fund Net Assets of Individual Funds

Citizens Collection Fund

\$ (47,512) Temporary shortage to replenished by General Fund.

C. Deposits and Investments

The City's funds are required to be deposited and invested under the terms of a depository contract. The depository bank deposits for safekeeping and trust with the City's agent bank approved pledged securities in an amount sufficient to protect City funds on a day-to-day basis during the period of the contract. The pledge of approved securities is waived only to the extent of the depository bank's dollar amount of Federal Deposit Insurance Corporation ("FDIC") insurance.

Cash Deposits:

At September 30, 2010, the carrying amount of the City's deposits (cash, certificates of deposit, and interest-bearing savings accounts included in temporary investments) was \$1,065,979 and the bank balance was \$938,228. The City's cash deposits at September 30, 2010 and during the year ended September 30, 2010, were entirely covered by FDIC insurance or by pledged collateral held by the City's agent bank in the City's name.

Investments:

The City is required by Government Code Chapter 2256, The Public Funds Investment Act, to adopt, implement, and

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED SEPTEMBER 30, 2010

publicize an investment policy. That policy must be written; primarily emphasize safety of principal and liquidity; address investment diversification, yield, and maturity and the quality and capability of investment management; and include a list of the types of authorized investments in which the investing entity's funds may be invested; and the maximum allowable stated maturity of any individual investment owned by the entity.

The Public Funds Investment Act ("Act") requires an annual audit of investment practices. Audit procedures in this area conducted as a part of the audit of the general purpose financial statements disclosed that in the areas of investment practices, management reports and establishment of appropriate policies, the City adhered to the requirements of the Act. Additionally, investment practices of the City were in accordance with local policies.

The Act determines the types of investments which are allowable for the City. These include, with certain restrictions, (1) obligations of the U.S. Treasury, certain U.S. agencies, and the State of Texas, (2) certificates of deposit, (3) certain municipal securities, (4) money market savings accounts, (5) repurchase agreements, (6) bankers acceptances, (7) mutual funds, (8) investment pools, (9) guaranteed investment contracts, and (10) common trust funds.

Investment or Investment Type TexPool	<u>Maturity</u> 1 Day	\$	Fair Value 5,297,018
Total Investments		\$_	5,297,018

Analysis of Specific Deposit and Investment Risks:

GASB Statement No. 40 requires a determination as to whether the City was exposed to the following specific investment risks at year end and if so, the reporting of certain related disclosures:

a. Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The ratings of securities by nationally recognized rating agencies are designed to give an indication of credit risk. The City's investment policy seeks to minimize credit risk by limiting the types and term of investments. The policy allows for investments in Public Fund Investment Pools described below which must have an AAA or AAAm rating.

At September 30, 2010, the City's investments, other than those which are obligations of or guaranteed by the U. S. Government, are rated as to credit quality as follows:

InvestmentRatingRating AgencyTexPoolAAAmStandard and Poor's

b. Custodial Credit Risk

Deposits are exposed to custodial credit risk if they are not covered by depository insurance and the deposits are uncollateralized, collateralized with securities held by the pledging financial institution, or collateralized with securities held by the pledging financial institution's trust department or agent but not in the City's name.

Investment securities are exposed to custodial credit risk if the securities are uninsured, are not registered in the name of the government, and are held by either the counterparty or the counterparty's trust department or agent but not in the City's name.

At year end, the City was not exposed to custodial credit risk.

c. Concentration of Credit Risk

This risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer. At year end, the City was not exposed to concentration of credit risk.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED SEPTEMBER 30, 2010

d. Interest Rate Risk

In accordance with its investment policy, the City manages its exposure to declines in fair values by limiting its investments to TexPool.

e. Foreign Currency Risk

This is the risk that exchange rates will adversely affect the fair value of an investment. At year end, the City was not exposed to foreign currency risk.

Investment Accounting Policy

The City's general policy is to report money market investments and short-term participating interest-earning investment contracts at amortized cost and to report nonparticipating interest-earning investment contracts using a cost-based measure. However, if the fair value of an investment is significantly affected by the impairment of the credit standing of the issuer or by other factors, it is reported at fair value. All other investments are reported at fair value unless a legal contract exists which guarantees a higher value. The term "short-term" refers to investments which have a remaining term of one year or less at time of purchase. The term "nonparticipating" means that the investment's value does not vary with market interest rate changes. Nonnegotiable certificates of deposit are examples of nonparticipating interest-earning investment contracts.

Public Funds Investment Pools

Public funds investment pools in Texas ("Pools") are established under the authority of the Interlocal Cooperation Act, Chapter 79 of the Texas Government Code, and are subject to the provisions of the Public Funds Investment Act (the "Act"), Chapter 2256 of the Texas Government Code. In addition to other provisions of the Act designed to promote liquidity and safety of principal, the Act requires Pools to: 1) have an advisory board composed of participants in the pool and other persons who do not have a business relationship with the pool and are qualified to advise the pool; 2) maintain a continuous rating of no lower than AAA or AAA-m or an equivalent rating by at least one nationally recognized rating service; and 3) maintain the market value of its underlying investment portfolio within one half of one percent of the value of its shares.

The City's investments in Pools are reported at an amount determined by the fair value per share of the pool's underlying portfolio, unless the pool is 2a7-like, in which case they are reported at share value. A 2a7-like pool is one which is not registered with the Securities and Exchange Commission ("SEC") as an investment company, but nevertheless has a policy that it will, and does, operate in a manner consistent with the SEC's Rule 2a7 of the Investment Company Act of 1940.

D. Capital Assets

Capital asset activity for the year ended September 30, 2010, was as follows:

	Beginning Balances	Increases	Decreases	Ending Balances
Governmental activities: Capital assets not being depreciated: Land Construction in progress	\$ 7,507,865 \$ 	\$		\$ 7,507,865

General Fund	Aquatic Center Fund Total	\$ 138,185 1,201,118	Supplement other funds sources

F. Long-Term Obligations

Long-Term Obligation Activity

The City issues general obligation and revenue bonds, certificates of obligation, and tax notes to provide funds for the acquisition and construction of major capital facilities. General obligation bonds and certificates of obligation have been issued for both governmental and proprietary activities. Revenue bonds have been issued for only proprietary activities. Bonds and certificates of obligation are reported in proprietary funds if they are expected to be repaid from proprietary revenues.

Outstanding bonds, certificates of obligation and tax notes consisted of the following at September 30, 2010:

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED SEPTEMBER 30, 2010

Continuing Disclosure

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED SEPTEMBER 30, 2010

The City has entered into a continuing disclosure undertaking to provide Annual Reports and Material Event Notices to the State Information Depository of Texas, which is the Municipal Advisory Council. This information is required under SEC Rule 15c2-12 to enable investors to analyze the financial condition and operations of the City.

G. Commitments Under Noncapitalized Leases

The City had no material commitments under noncapitalized leases for the year ended September 30, 2010.

H. Restricted Assets

Cash and cash equivalents were restricted for the following purposes at September 30, 2010:

	Governmental	Business-type
	Activities	Activities
Bond Construction Funds	\$ 1,138,660	\$ 204,136
Special Projects	971,735	
Debt Service		104,317
Customer Deposits		200,641
	\$2,110,395	\$ 509,094

Sales Taxes Receivable were restricted for the following purposes at September 30, 2010:

	Governmental
	Activities
Special Projects	\$ 54,319

Risk Management

The City is exposed to various risks of loss related to torts, theft, damage or destruction of assets, errors and omissions, injuries to employees, and natural disasters. During fiscal year 2010, the City obtained general liability coverage at a cost that is considered to be economically justifiable by joining together with other governmental entities in the State as a member of the Texas Municipal League Intergovernmental Risk Pool ("TML"). TML is a self-funded pool operating as a common risk management and insurance program. The City pays an annual premium to TML for its above insurance coverage. The agreement for the formation of TML provides that TML will be self-sustaining through member premiums and will reinsure through commercial companies for claims in excess of acceptable risk levels; however, each category of coverage has its own level of reinsurance. The City continues to carry commercial insurance for other risks of loss. There were no significant reductions in commercial insurance coverage in the past fiscal year and settled claims resulting from these risks have not exceeded coverage in any of the past three fiscal years.

J. Pension Plan

Plan Description

The City's provided pension benefits for all of its full-time employees through a non-traditional, joint contributory, hybrid defined benefit plan in the state-wide Texas Municipal Retirement System (TMRS), an agent multiple-employer public retirement system. The plan provisions that have been adopted by the city are within the options available in the governing state statutes of TMRS.

TMRS issues a publicly available comprehensive annual financial report that includes financial statements and required supplementary information (RSI) for TMRS; the report also provides detailed explanations of the contributions, benefits and actuarial methods and assumptions used by the System. This report may be obtained by writing to TMRS, PO. Box 149153, Austin, TX 78714-9153 or by calling 800-924-8677; in addition, the report is available on TMRS' website at www.TMRS.com.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED SEPTEMBER 30, 2010

The plan provisions are adopted by the governing body of the City, within the options available in the state governing TMRS. Plan provisions for the City were as follows:

Employee deposit rate	Plan Year 2009 6.00%	Plan Year 2010 6.00%
Matching ratio(city to employee)	2 to 1	2 to 1
Years required for vesting	10	10
Service retirement eligibility express as age/years of service	60/10,0/20	60/10,0/20
Updated Service Credit	100% Repeating Transfers	100% Repeating Transfers
Annuity Increase (to employees)	70% of CPI Repeating	70% of CPI Repeating

2. Contributions

Under the state law governing TMRS, the contribution rate for each city is determined annually by the actuary, using the Projected Unit Credit actuarial cost method. This rate consists of the normal cost contribution rate and the prior service cost contribution rate, which is calculated to be a level percent of payroll from year to year. The normal cost contribution rate finances the portion of an active member's projected benefit allocated annually; the prior service contribution rate amortizes the unfunded (overfunded) actuarial liability (asset) over the applicable period for that city. Both the normal costs and prior service contribution rates include recognition of the projected impact of annually repeating benefits, such as Updated Service Credits and Annuity Increases.

The City contributes to the TMRS Plan at an actuarially determined rate. Both the employees and the City make contributions monthly. Since the City needs to know its contribution rate in advance for budgetary purposes, there is a one-year delay between the actuarial valuation that serves as the basis for the rate and the calendar year when the rate goes into effect. The annual pension cost and net pension obligation(asset) are as follows:

Net Pension Obilgation (NPO) at Beginning of Year	\$
Annual Pension Cost:	
Annual required contribution (ARC)	\$ 347,608
Contributions Made	\$ 347,608
NPO at End of Year	\$

The required contribution rates for fiscal year 2010 were determined as part of the December 31, 2007 and 2008 actuarial valuations. Additional information as of the latest actuarial valuation, December 31, 2009, also follows:

Acutuarial Valuation Date	12/31/07	12/31/08	12/31/09
Actuarial Cost Method	Projected Unit	Projected Unit	Projected Unit
	Credit	Credit	Credit

K. Post Employment Benefits Other Than Pension Benefits

Plan Participants

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED SEPTEMBER 30, 2010

Full time employees of the City are eligible to receive retiree health care benefits. The City will contribute 50% of the Municipality sponsored health care benefits until Medicare is available to the retiree.

Normal Health Care Retirement Conditions

At least 60 years of age and have 20 years of consecutive service and currently enrolled in the health care policy.

Vested Termination Benefits

Members terminating before normal retirement conditions are not eligible for retiree health care.

Death-In-Service Retirement Benefits

City does not provided death-in-service benefits.

Disability Retirement Benefits

City does not provide retiree disability benefits to a surviving spouse.

Dental/Vision Care

City does not provide vision care.

Life Insurance Coverage

City does not provide life insurance for retirees.

Benefits for Spouse of Retired Employees

City does not provide retiree health insurance to the surviving spouse.

Spouse and Dependent Coverage

City does not provide spouse and dependent coverage.

Non-Medicare and Medicare - Eligible Provisions

Retirees are required to enroll in Medicare once eligible. Retiree pays Medicare premiums.

Retiree Opt-Out

Retirees who elect to opt out of the health care plan will not receive any cash payment in lieu of electing the City sponsored health care plan.

Premium Sharing

City contributes 50% of the City sponsored health care monthly premium for the retiree only until Medicare is available to the retiree.

Funding Policy and Annual OPEB Cost

The City's annual other post employment benefits (OPEB) cost is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with the parameter of GASB Statement No. 45. The ARC represents a level of accrual that is projected to recognize the normal cost each year and to amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years. The City had its first OPEB actuarial valuation performed for the fiscal year beginning October 1, 2008 as required by

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED SEPTEMBER 30, 2010

GASB. The annual OPEB cost for the fiscal year ending September 30, 2010, is as follows:

Annual required contribution	\$57,912
Interest on OPEB obligation	1.697
Adjustment to ARC	(1,697)
Annual OPEB cost (expense end of year)	57,912
Net employer contributions	(44,682)
Increase in net OPEB	13,230
Net OPEB obligation - as of beginning of the year	11,000
Net OPEB obligation (asset)- as of end of year	\$24,230

Funding status and funding progress

The funded status of the City's retiree health care plan, under GASB statement No. 45 as of December 31, 2009 is as follows:

The end of year net OPEB obligation is shown as a non-current liability on the Government-wide Statement of Net Assets in the Governmental Governmental Activities.

The City's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and net OPEB obigation for the curre and two preceeding years were as follows:

			Percentage		
			of OPEB		Net
Year Ended	P	Annual OPEB	Cost		OPEB
September 30		Cost	Contributed		Obligation
2008	\$	N/A	N/A	\$	N/A
2009		56,225	80.49%	•	11,000
2010		54,617	81.81%		24,230

Funding status and funding progress

The funded status of the City's retiree health care plan, under GASB statement No. 45 as of December 31, 2009, it's most recent actuarial valuation is as follows:

Actuarial accrued liability (AAL) Actuarial value of assets Unfunded AAL(UAAL)	\$ \$	339,018 339,018
Funded ratio		
Covered Payroll	\$	3,349,979
UAAL as % of covered payroll		122.88%

Actuarial Valuation Date as of December 31	Actuarial Value of Assets (a)	Actuarial Accrued Liability (AAL) (b)	Unfunded AAL (UAAL) (b-a)	Funded Ratio (a/b)
2008	-	\$339,018	\$339,018	0%
2009		\$363,248	\$363,248	0%

Under the reporting parameters, the City's retiree health care plan is 0% funded with an estimated actuarial

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED SEPTEMBER 30, 2010

accrued liability exceeding actuarial assets by \$363,248 at December 31, 2009.

Actuarial methods and assumptions

The Projected Unit credit actuarial cost method is used to calculate the GASB ARC for the City's retiree health care plan. Using the plan benefits, the present health premiums and a set of actuarial assumptions, the anticipated future payment are projected. The projected unit credit method then provides for a systematic recognition of the cost of these anticipated payments. The yearly ARC is computed to cover the cost of benefits being earned by covered members as well as to amortize a portion of the unfunded accrued liability.

Projections of health benefits are based on the plan as understood by the City and include the types of benefits in force at the valuation date and the pattern of sharing benefit costs between the City and its employees to that point. Actuarial calculations reflect a long-term perspective and employ methods and assumptions that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets. Significant methods and assumptions were as follows:

Actuarial Methods and Assumptions

Investment rate of return Actuarial cost method Amortization method Growth Rate

4.5% net of expenses
Projected Unit Credit Cost Method
Level as a percentage of payroll
3.0% per annum

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events in the future. Amounts determined regarding the funded status and the annual required contributions of the City's retiree health care plan are subject to continual revision as actual results are compared to past expectations and new estimates are made about the future. The required schedule of funding progress presented as required suplementary information provides multiyear trend information that shows whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

L. Commitments and Contingencies

1. Contingencies

The City participates in grant programs which are governed by various rules and regulations of the grantor agencies. Costs charged to the respective grant programs are subject to audit and adjustment by the grantor agencies; therefore, to the extent that the City has not complied with the rules and regulations governing the grants, refunds of any money received may be required and the collectibility of any related receivable may be impaired. In the opinion of the City, there are no significant contingent liabilities relating to compliance with the rules and regulations governing the respective grants; therefore, no provision has been recorded in the accompanying basic financial statements for such contingencies.

2. Litigation

The City had no reportable litigation at September 30, 2010.

M. Subsequent Events

There were no events subsequent to September 30, 2010 that require reporting in the financial statements.

Independent Auditor's Report

Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

City Council City of Aransas Pass, Texas P.O. Box 2000 Aransas Pass, Texas 78335

Members of the City Council:

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of City of Aransas Pass, Texas as of and for the year ended September 30, 2010, which collectively comprise the City of Aransas Pass, Texas's basic financial statements and have issued our report thereon dated March 30, 2011. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered City of Aransas Pass, Texas's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Aransas Pass, Texas's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the City of Aransas Pass, Texas's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether City of Aransas Pass, Texas's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to management of City of Aransas Pass, Texas in a separate letter dated March 30, 2011.

This report is intended solely for the information and use of management, others within the entity and the City Council and is not intended to be and should not be used by anyone other than these specified parties.

Respectfully submitted,

Michael A. Arnold, PLLC
